The Company’s cash position at the end of the half-year was $386,544 however this has been supplemented by the following since the end of the half-year:

(i) Xstrata Nickel Australasia Pty Ltd (“Xstrata”) has funded in January 2009 the first $150,000 towards exploration the Company will undertake on behalf of Xstrata in accordance with the Acra Joint Venture. Section 307C of the Corporations Act 2001 requires our auditors, Butler Settineri (Audit) Pty Ltd, to provide the Directors of the Company with an Independence Declaration in relation to the review of the half-year financial report. This Independence Declaration is set out on page 4 and forms part of the Directors’ Report for the half-year ended 31 December 2008.

This report is made and signed in accordance with a resolution of Directors.

Dated at Perth this 12 March 2009.

INDEPENDENT REVIEW REPORT
TO THE MEMBERS OF PIONEER NICKEL LIMITED

Scope

We have reviewed the accompanying financial report of Pioneer Nickel Limited (the consolidated entity) which comprises the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the half year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors’ declaration. The consolidated entity comprises both Pioneer Nickel Limited (the company) and the entities it controlled during the half year.

Directors’ Responsibility for the Half Year Financial Report

The directors are responsible for the preparation and fair presentation of the half year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor’s Responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity’s financial position as at 31 December 2008 and its performance for the half year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Pioneer Nickel Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual report.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain the assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half year financial report of Pioneer Nickel Limited is not in accordance with the Corporations Act 2001 including:

a) giving a true and fair view of the consolidated entity’s financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and

Inherent uncertainty regarding going concern

Without qualification to the conclusion expressed above, attention is drawn to the following matter. As a result of matters referred to in note 1 to the interim financial statements “Going Concern”, there is an inherent uncertainty whether the Consolidated Entity will be able to continue as a going concern and therefore, whether it will be able to pay its debts as and when they fall due and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the interim financial report. The interim financial report does not include any adjustments relating to the recoverability and classification of recorded assets or to the amounts and classification of liabilities that might be necessary should the consolidated entity not continue as a going concern.

BUTLER SETTINERI (AUDIT) PTY LTD

COLIN P BUTLER
Director

Perth
Date: 12 March 2009
In accordance with a resolution of the Directors of Pioneer Nickel Limited, I state that:

In the opinion of the Directors:

1. The financial statements and notes of the consolidated entity, as set out on pages 8 to 16:
   (a) comply with Accounting Standards and the Corporations Regulations 2001; and
   (b) give a true and fair view of the financial position as at 31 December 2008 and the performance for the half-year ended on that date of the consolidated entity.

2. In the Director’s opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

On behalf of the Board

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

For the half-year ended 31 December 2008

1. BASIS OF PREPARATION OF HALF-YEAR FINANCIAL STATEMENTS

These general purpose half-year financial statements for the half-year ended 31 December 2008 have been prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including Accounting Standard AASB 134: Interim Financial Reporting and other authoritative pronouncements of the Australian Accounting Standards Board ("AASB"). Compliance with AASB 134 ensures compliance with IAS "Interim Financial Reporting".

It is recommended that these half-year financial statements and reports be read in conjunction with the Annual Report for the year ended 30 June 2008 and any public announcements made by Pioneer Nickel Limited and its controlled entity during the half-year in accordance with continuous disclosure obligations arising under the Corporations Act, 2001.

The half-year report has been prepared on the accruals basis and in accordance with the historical cost convention. Cost is based on the fair value of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

For the purpose of preparing the half-year financial statements, the half-year has been treated as a discrete reporting period.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2008 annual financial report for the financial year ended 30 June 2008.

In the half-year ended 31 December 2008, the consolidated entity has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to its operations and effective for annual reporting periods beginning on or after 1 July 2008.

It has been determined by the Group that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change is necessary to the consolidated entity's accounting policies.

Going Concern

The ability of the consolidated entity to continue to fulfil its mineral exploration activities and hence the continued adoption of the going concern assumption, is dependent upon the Company raising additional funding as and when required. In the forthcoming period, the consolidated entity expects to continue its mineral exploration activities.

The financial statements have been prepared on a going concern basis which assumes that the Company and the consolidated entity will continue to meet its commitments and can therefore continue normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. In arriving at this position, the Directors have considered the following pertinent matters:

(i) Xstrata Nickel Australasia Pty Ltd ("Xstrata") has funded in January 2009 the first $150,000 towards exploration the Company will undertake on behalf of Xstrata in accordance with the Acra Joint Venture. Following a variation to the Acra Joint Venture Agreement, a budget of $1,200,000 has been agreed over the next two years to be funded by Xstrata. On completion Xstrata will have earned an 80% interest in the joint venture project.

(ii) Since the end of the half-year the Company has issued 14,500,000 ordinary shares at an issue price of 2 cents per share which raised $290,000 (before issue costs). The share placement was offered and accepted by professional and sophisticated investors within the exemptions detailed in section 708 of the Corporations Act 2001. The funds raised will be used to supplement the Company's working capital requirements.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

For the half-year ended 31 December 2008

1. BASIS OF PREPARATION OF HALF-YEAR FINANCIAL STATEMENTS (Continued)

Going Concern (Continued)

(iii) The Company has disposed of an 80% interest in a tenement for $100,000 and subsequent to half-
year end has received the first instalment of $50,000 with the balance due upon completion of certain
statutory requirements.

(iv) On 18 February 2009, the Company announced that it would be implementing a Share Purchase Plan
("SPP") whereby eligible shareholders would each be entitled to subscribe for up to $5,000 of ordinary
shares at an issue price of 2 cents per share. The SPP closes on 27 March 2009. Dependent upon the
scale of funds raised the funds raised will be applied to working capital requirements and to undertake
a drill program at the Company's Lignum Dam Project.

(v) Directors of the Company have expressed an interest to subscribe for up to 3.5 million shares at 2
cents per share, raising up to $70,000. The Company has convened a General Meeting to be held on
30 March 2009 for shareholders to consider and approve the issue. In addition at the General Meeting
the Company will seek to ratify recent share placements conducted under its 15% placement
capacity, so as to allow it flexibility in assessing the raising of additional funds in the future through
equity raisings.

(c) Share Based Payments

The fair value of the equity-settled share options granted is estimated as at the date of grant using a Black-Scholes model taking into account the terms and conditions upon which the options were granted.

The following table lists the inputs to the model used for the options issued during the half-year ended 31 December 2008:

<table>
<thead>
<tr>
<th>Number of Options</th>
<th>750,000</th>
<th>750,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Expiry date</td>
<td>30 June 2012</td>
<td>30 June 2013</td>
</tr>
<tr>
<td>Volatility (%)</td>
<td>100%</td>
<td>100%</td>
</tr>
<tr>
<td>Risk-free interest rate (%)</td>
<td>6.5%</td>
<td>6.5%</td>
</tr>
<tr>
<td>Exercise price (cents)</td>
<td>20</td>
<td>22</td>

<tr>
<td>Weighted average share price at grant date (cents)</td>
<td>7</td>
<td>7</td>
</tr>
<tr>
<td>Value per option (cents)</td>
<td>2.97</td>
<td>3.78</td>

</tbody>
</table>

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. No other features of options granted were incorporated into the measurement of fair value.
