Eastern Gold Fields (equally Eastern Nickel Fields)

Key Projects and Locations

- Acra Gold Project
- Blair Nickel Mine
- Fairwater Nickel and Gold Project
• Acra is Pioneer’s priority gold project for 2014
• Previous “large budget” explorers have focussed on nickel during the past 20 years
• Gold data from earlier explorers has been brought into context when reviewed with modern datasets

Pioneer is the first modern explorer to hold the amalgamated project with a primary focus on gold

Emerging Fraser Range
Nickel Prospect..... FWNi003

- Likely Proterozoic age (GSWA age dates)
- Truncates stratigraphy – suggests intrusive.
- About 4 km from a major regional structure.
- 8km oval feature (Nova 5km – same scale).
